

INTERVALS - PART 2

NAME _____

DATE _____

CHECK YOUR KNOWLEDGE

1. Identify the following intervals.

- Ⓐ _____ is a major interval that is decreased by 1/2 step.
 Ⓑ _____ is a major interval that is increased by 1/2 step.
 Ⓒ _____ is a perfect interval that is decreased by 1/2 step.
 Ⓓ _____ is a perfect interval that is increased by 1/2 step.

REWRITE THE INTERVAL

2. The first interval in each example below is a major interval. Add an accidental to the second interval so that it becomes a minor interval.

A Example: **B** **C** **D**

M3 m3 M6 m6 M2 m2 M7 m7

3. The first interval in each example below is a perfect interval. Add an accidental to the second interval so that it becomes either diminished or augmented as requested.

A **B** **C** **D**

P5 dim5 P4 aug4 P8 dim8 P4 dim4
